

TECHNICAL DATA SHEET

COMPACT WASHING AND DRAINING UNIT

Ref. 3550

Compact unit with smooth 304L stainless steel worktop, making it easy to work with and clean.
Part of the body preparation room, allowing the body to be cleaned using the stretcher on a trolley.

This compact unit is equipped with :

- 2 basins: one for washing hands and the other for draining the stretcher. Basins measuring 30 x 30 x (height) 20 cm with elbow-operated hot/cold water mixer tap, only for the hand-washing basin,
- 1 cold water hand shower with 3 m flexible hose,
- 1 overflow, 1 bung and 1 siphon,
- 1 splashback across the entire width of the wash unit.

The drainage wash unit is used with a stretcher on a presentation trolley or lifting trolley.

- **Packaging:** Individual, on pallet with cardboard protection
- **Weight:** 30 Kg
- **Maintenance and cleaning:** Soap and water, and any disinfectant compatible with 304 stainless steel.
- **Dimensions:** Width 100 cm x Depth 45 cm x Height of trays 75 cm (drainage) and 85 cm (washing)
- **Product benefits:**
 - Unit designed to facilitate the operator's work, simple to use and easy to maintain,
 - Robust thanks to its all-stainless steel design, rigid and very stable in operation (very well balanced),
 - Easy body washing thanks to its 75cm height and hand shower,
 - Shower with 3-metre hose, allowing access to the entire length of the stretcher tray on the trolley,
 - All stainless steel for strength and durability,
 - French faucets by DELABIE.
